Chapter 1 by LuxCh3rry

Howdy!

So i recently got two new kittens and i'm trying to think up names for them!

I thought i could make it into a story on Story wars! :D

Basically, if you think of a cool name for a cat (or two cats) write a chapter of it, then vote for whichever name(s) sound best!

I will name one or two of my cats with these names :)

What?!?!?!?!?

You have to name a cat on based on their personalities, physical traits, etc.

Link us to a pic of your cats, SON.

Okay, in the absence of any other info here goes:

"Joakim" (What better?)

"Story Juarez" (he is Hispanic)

Chapter 3 by SaintSayaka

Please tell me you named your cat Joakim. That would be adorable.

For your next one, what about Camilla?

Chapter 4 by Mason Lee

Artemis for a girl and Apollo for a boy. ;)

Chapter 5 by LuxCh3rry

AMAZING! I put a picture of the cats for the pic (you can see it on a computer)

One of the cats is called Squid (for now). He is really curious and playful but will eat your hand off if you don't feed him. He is a grey tabby (i think).

Chapter 6 by LuxCh3rry

The other cat is called Turbo, (Again, temporarily) He is completely black and if i'm honest, a little chubby.

He will eat ANYTHING and is just as vicious and playful as Squid! :)

They are both boys and are rescue cats from Cyprus

Chapter 7 by kaT

I honestly think you should rename Turbo as

Hiro

Max

Chapter 8 by LuxCh3rry

So in the end Turbo was called Ponder and Squid, Joakim :)

You're probably wondering what happened to the cats.

Well, if you're in a sour mood, don't read this, it won't help.

Joakim was only a kitten when he went missing, a few days later we found his body by the side of the road. Rigamortis had set in, he'd been there a while.

Ponder got really depressed without his brother and all he did was mope around the place, he didn't like being alone.

After a month of this we decided that he needed a new friend so we bought a Kitten. She is female, brown and white, a ragdoll. We named her Biscuit, Bickey for short.

At first Ponder hated her, he was hissing and spitting and seemed to be blaming everything on her. She didn't understand and just wanted to play.

After a while they warmed up to each other and quickly became best friends. I would always catch them snuggled up together on the couch.

Two years later and they're even more close. This is when it happened.

Ponder went missing. And still is missing. We've put up posters everywhere and the pets (We have a dog too) are now equipped with a tracking device to stop this from happening again.

Sorry i made you sad,
